

## **2022 Firm Sponsor Information**

**Program Dates: June 6-July 29**

Firms that have not already contributed to the NOMA Foundation Fellowship can become a host firm by sponsoring a fellow. Firms will host a fellow for the duration of the fellowship, providing their fellow with a full-time internship experience. Fellows are encouraged to work alongside project design teams, participate in research projects, or other firmwide initiatives. The fellowship may be on-site, virtual, or a hybrid format at the discretion of the host firm.

Sponsorship guarantees one (1) fellowship for the Summer 2022 program. Once a firm has registered to be a host firm, they will be invited to interview finalists to select their top candidate based on the provided application materials. Candidates will be matched with firms based on their mutual preferences. All fellows will be matched no later than May 16.

Fellows will be paid directly by the National Organization of Minority Architects. Additional compensation to the fellow is not required.

**The cost to sponsor a NOMA Foundation Fellow is \$8,640.**

Sponsorship covers an 8-week salary + travel assistance for the fellow, professional networking experiences in the host city, and future support for the licensure stipend, awarded upon the fellow completing all requirements for licensure.

To register as a sponsor for the 2022 NOMA Foundation Fellowship, complete the [Host Firm Registration Form](#) by March 11. Contact [nff@noma.net](mailto:nff@noma.net) for more information.
